To whom it may concern:

It is my pleasure to recommend the services of Tuscano-Maher Roofing. During the past seven years I have used TMR for all our roofing repairs and maintenance here at CT.

TMR is able to handle all roofing needs whether it is a roof leak, preventive maintenance such as an infrared roof scan, or a \$400,000 total restoration of an aging roof that saved our district money on unnecessary roof replacement. They are able to do it all in a very professional and timely manner.

I highly recommend TMR for all your roofing needs and look forward to working with them again on an upcoming roof renovation project at our Elementary School.

Sincerely,
Edward J. Slonka Jr.
Supervisor of Buildings and Grounds
