Re: Tuscano Maher Roofing "TMR"

To Whom It May Concern:

This letter is in reference to the excellent work that TMR has performed in both new roofing and re-roofing of our properties over the last several years. The quality of their work has always been of the highest order; furthermore, they are timely and complete projects as agreed upon.

In addition, Michael Maher is always available to answer any questions and is pro-active in addressing the safety, logistics and completion of projects. Given their past performance, we anticipate working with TMR for many years to come for all of our roofing needs.

Please contact me should you have any questions.

Very truly yours,

JENDOCO REAL ESTATE
